

August 2021

Dear Brethren,

These are exciting times for the Lord's work! We are continuing to see His guidance in every aspect of Soaring for Souls. There have been some amazing new developments over the last couple of months that will make a huge impact in the amount of work we can accomplish for God's Kingdom. The following are some of these latest developments:

Full-Time

As the workload continues to increase, my family and I have decided for me to step down from full-time preaching **to focus full-time on this mission**. Over the last 13 years, we have had a stable income through ministry and preaching. This is a huge move for us as we walk out in faith, trusting that the Lord and His church will provide the means for us to continue serving Him. We humbly ask for your help as we make this transition.

Overseeing Congregation

The eldership at the Beattie Road Church of Christ in Albany, Georgia will now serve as the **new overseers of Soaring for Souls**. The experience of these mission-minded brethren will be a tremendous help in planning and implementing future goals. Beattie Road is served by three elders: Keith Atkins, Roderick Barrett, and Wayne Pollock. The

preacher is Charles Harris, a Memphis School of Preaching graduate. Words cannot express how grateful we are to be working with such a wonderful group of Christians.

American Missions

This coming fall, a group is scheduled to evangelize the area of Davis City, Iowa. This town of 204 people already has a small, but faithful congregation. We will be door knocking with them and holding a gospel meeting. **This will be the first of many 'Soaring for America' campaigns.** While some of our focus is on foreign mission fields where an airplane can reach the unreachable, we are also making sure to strengthen the Lord's church right here in our own backyard. The goal is to focus on areas of America where the church is weak or geographically isolated.

This will be an ongoing effort to help these brethren to strengthen the church in their communities. If you would like to join us on one of these trips, please contact Tim Taylor at timkenttaylor@gmail.com. We are seeking to raise \$1000 to help with this campaign.

Excitement is Stirring

We continue to be overwhelmed by the amount of enthusiasm from others. Over the last few months, **congregations in three different states have been presented this work.** The excitement is building and the list of things to do to reach the lost continues to grow! We understand the harvest is plentiful, and we are truly excited about this labor of love!

Your Help is Vital

There is an expanding list of needs as we grow. Please pray for us as we transition into this full-time work. We are also prayerfully seeking generous brethren like you to give towards a salary on which my family can live. We are humbly asking for **40 individuals to give just \$50 a month** and **20 congregations to give \$100 a month** to attain our goal for this year. Please know that your gift makes a difference! May God bless you!
